

*Rapid*Aszfalt

PREMIUM COLD ASPHALT

RapidAszfalt

Premium quality, packaged cold asphalt of outstanding durability without any previous treatment of the surface.

EXTRA CHARACTERISTICS

Fast

There is no need for any previous treatment of the surface (emulsion and spreading asphalt millings are unnecessary)

Simple

A shovel is also sufficient for compaction

Durable

With professional application, it lasts for 10 years

Weather-proof

It's applicable at temperatures between -20°C and 50°C, without any preheating or mixing, even in the rain

Easy to store

You can use it for up to 3 years after opening, as it comes in a resealable packaging.

APPLICATION

Fixing potholes and applying asphalt in 4 easy steps:

CLEAR
the surface before applying the asphalt

SPREAD
the required amount of asphalt onto the surface

ALIGN IT
evenly everywhere

COMPRESS
the asphalt permanently, using a shovel
